Shaklee 180 with leucine
Designed to help you lose fat

Burn fat, not muscle

The problem with conventional diets is that you lose muscle along with fat, slowing down your metabolism and making it easier to regain weight. Different from anything you've tried before, the Shaklee 180® Program is Powered by Leucine® and is designed so nearly every pound you shed is fat.*

Tools & support

Unlike other programs, we will never leave you hanging. That's why we've created useful emails to guide you and teach you healthy habits for the rest of your life. Every step of the way this program will support you by providing helpful tips, expert advice, recipes, and exercises.

Healthy rewards

We know that losing weight and taking your shape in whole new direction is the ultimate reward. But we also think you deserve more, which is why we give you the chance to win once-in-a-lifetime experiences (like trips to San Francisco) to keep you motivated and help you reach your weight-loss and lean & healthy goals.

*Based on a preliminary 12-week clinical study and skin fold caliper measurements to estimate lean body mass and fat mass.
